A whole school approach

High quality first teaching and additional interventions are defined through our dialogue across the school contributing to our provision management approach. These documents help us to regularly review and record what we offer a young person in our care. These discussions also serve to embed our high expectations among staff about quality first teaching and the application of a differentiated and personalised approach to teaching and learning. We make it a point to discuss aspirations with all our learners.

Underpinning all our provision in school is the **graduated approach** cycle of:

All teachers are responsible for every child in their care, including those with special educational needs and disabilities.

SEND support at Lampton is implemented and regularly reviewed using the 'graduated approach', outlined above. The team will be involved at every stage of this process:

- 1. Assess:** the class/subject teacher and SENDCo should clearly analyse a pupil's needs before identifying him/her as needing SEND support.
- 2. Plan:** the class/subject teacher and SENDCo should agree the support to be put in place. Parents/carers must also be notified and consulted. The support will usually be set out in a school-based SEND support plan.
- 3. Do:** the class/subject teacher remains responsible for working with the pupil on a daily basis. Pupils may also receive additional interventions outside the main curriculum, but the focus should be on integrating all pupils and continuing to use high-quality, differentiated teaching.
- 4. Review:** the class/subject teacher and SENDCo should review the effectiveness of the support regularly and agree any changes where needed.

The quality of teaching for pupils with SEND, and the progress made by pupils is a core part of the school's performance management

	<p>arrangements and its approach to professional development for all teaching and support staff.</p> <p>The SENDCo or Assistant Headteacher for Inclusion in partnership with the Assistant Headteacher for CPL will discuss any patterns in the identification of SEND, both within the school and in comparison with national data, and use these to reflect on and reinforce the quality of teaching.</p> <p>The identification of SEND is built into the whole school approach on assessment.</p>
How do we identify children and young people with SEND and assess their needs?	<p>Identification of students with SEND results from:</p> <ul style="list-style-type: none"> • Information from either the primary or previous school which is passed to the SEND team. • The school's own baseline assessments. • KS2 SATs scores. • Progress based on data collections. • Teacher referrals. • Head of Year referrals. • Parent / carer referrals. • Pupil Care Team referrals. • Pupil self-referrals. • Referral from an outside agency.
What is the local offer?	<p>Hounslow's local offer can be found using this link: https://fsd.hounslow.gov.uk/kb5/hounslow/fsd/localoffer.page?localofferchannel=0</p>
What is the name and contact details of our SENDCo?	<p>Ms F D Hasan - fhasan@lampton.org.uk</p>
How do we consult with parents/ carers of children with SEND and involve them in their child's education?	<p>We believe that regular and effective engagement with parents / carers by schools often leads to improved pupil outcomes, attendance and behaviour. Where a pupil is receiving support, we talk to parents / carers regularly to set clear outcomes and review progress towards them. We discuss with parents / carers the activities and support that will help achieve them; and identify the responsibilities of the parent / carer, the pupil and the school. We meet parents / carers of pupils with and EHC plans at least three times each year which can include a meeting at Parents Evenings. These are to review the progress pupils are making in relation to the targets in the pupil passport and for their annual review.</p>
